HUBERT ŁEPSKI

JUNIOR FRONT-END DEVELOPER

ABOUT ME

I'm a kind of positive person who enjoys cooperating with other people who I can learn a lot from. I really like giving my own suggestions about projects and advising in solving problems. I could say that Front-end became my hobby and that's why I'm looking forward to starting my job.

REACH ME AT:

POLAND
Strzelin/Wrocław

COURSES

Kodilla - Web Developer Course
2019
-I finished Web Developer course by "Kodilla" lasting from October 2018 to June 2019. The course consisted of 37 modules each lasting a week . Every week I talked to my mentor. During the course I did exercises and projects such as:
- company site - fully customizable company site: HTML, CSS, RWD,
- kanban board - lean method to manage and improve work across human systems: HTML, CSS, JS,
- rock paper scissors game - simple game with some extensions: HTML, CSS, JS,
- my personal site - representative page: HTML, CSS, JS, RWD,
 -responsive SPA, MPA,
